Honors-Awards

Get second position in UI-UX web development in Abhivyanjana college fest

I participated in the annual public speaking competition ROSTRUM held at Kurukshetra University, Kurukshetra and secured the 3rd position

Qualified CUET PG Physics

Shikhar Chaurasia

Seismic Data Processing & Interpretation @Caliche | Machine Learning | Geophysical Data Analytics | AI in Processing
Noida, Uttar Pradesh, India

Summary

Final year MSc Tech in Applied Geophysics student with hands-on experience in seismic processing & interpretation, gravity & magnetic surveys, and geophysical data analysis. Skilled in using tools like CG-5 gravimeter, GSM-19T magnetometer, and seismic refraction methods. Experienced in AI-driven exploration and machine learning applications for geophysics. Passionate about applying geophysical methods for oil & gas, mineral exploration, and environmental studies.

Experience

Caliche - an inventions' company
Seismic Data Analyst
October 2025 - Present (9 months)
India

Education

Kurukshetra University
Msc (tech) applied geophysics, Exploration · (2022 - 2025)

Gautam Buddha University
B.Sc., Physics · (2019 - 2022)

Campus School Pantnagar
· (2005 - 2019)
